AETCOM Modules Teaching and Assessment

The tables below show the suggested AETCOM blueprinting for various university papers and for module leader/in-charge for coordinating Module teaching. Each module leader/in-charge should select a multi-subject team and then the module is taught by various members of the team. The module teaching learning activities should be planned and conducted by this team.

Assessment: All internal and University exams must have one question/application-based question on AETCOM in each theory paper (5%) and it should be assessed in various components of practical/clinical exams.
